Nutrivita

(Complete Multivitamin Supplement for Poultry)

Vitamin premixes are crucial feed supplements that blend essential micronutrients to accelerate growth, enhance immunity, and prevent deficiencies in poultry. Nutrivita a high-quality premix optimizes metabolic functions, bone development, and weight gain across broilers, layers, and breeders.

How it works :

- Provides essential micro nutrients like Vitamin A, D3, E, K and B-complex vitamins
- Supports metabolism like B-complex vitamins help convert feed into energy
- Strengthens immunity by Vitamin A, E & C
- Improves bone and egg formation by vitamin D3

Composition :

Vitamin A, E, B1, B2, B6 & B12
Niacin, Pantothenic, Folic acid, Nicotinamide & Biotin.

Benefits :

- Boosts immunity and disease resistance
- Improves growth and body weight
- Better feed conversion ratio (FCR)
- Enhances bone strength and skeletal development
- Improves egg production and quality (layers)
- Reduces stress effects from heat, vaccination and transportation

Dosages :

Broilers : 250 – 500 gms per ton of feed

Layers : 250 – 500 gms per ton of feed

Breeders : 250 – 500 gms per ton of feed

Pack size : 250 gms, 500 gms & 1000 gms.
